

Calling all Volunteers!

It's time to get registered and begin anew.

Environment Program.

Those Volunteers who have been faithfully serving for years, we thank you for your service. We are now asking that all volunteers who are cleared and in good standing with the existing Safe Environment Program enroll and successfully complete their 3-in-1 Safe Environment System curriculum no later than October 31st 2021.

One Time Registration.

Create just one account and your requirements will be waiting for you on your main dashboard.
No guesswork and no need to enter the same information over and over again.

Training on Your Schedule.

Now you can access the Safe Environment training on your favorite mobile device and on your own schedule. You will start the curriculum and be guided through each section.

No Hassle Criminal History checks. (Required for all Volunteers)

Additional emails and forms are now a thing of the past.
Through strategic partnerships, processing and tracking of background checks are easier than ever.

Please see attached instructions, if you need help please contact me.

We will also be holding on site sign up sessions in the hall, dates and times to be arranged.

Cell# 520-427-4488	

The Diocese of Tucson is rolling out a new 3-in-1 Safe Environment Program through Catholic Mutual Group (CMG).

The CMG 3-in-1 Safe Environment Program allows all Priests, Religious, Deacons, Seminarians, Employees, Educators, Board/Council/Committee Members and Volunteers to use a standard platform across the Diocese to complete the required training, forms, and background check all in one system. This will also allow the Diocese to standardize the clearance memo for all participants, to include clearance for training, forms and the background check using one document that expires every three (3) years. We no longer have to track three (3) separate dates (training date, affirmation date and background check date) as we currently do. We also do not need to continue to load the training, affirmation form and clearance memo into multiple systems and spreadsheets to track the expiration dates across multiple platforms. It all remains as a single file in CMG that is available for you (the participant), the Compliance Officer and HR Office to share. The cost for the system, training modules and background checks will be covered by PPIT (Pooled Parish Insurance Trust). **This means there is no cost to you as the participant, to your Parish for any of the services provided by CMG.**

As we transition to CMG, we ask that all active Volunteers and Board/Council/Committee Members, who are currently cleared and in good standing with the current safe environment program, register and complete the CMG training, required forms and background check no later than **October 31st, 2021**.

The link to the Diocese of Tucson Safe Environment site is <https://tucson.cmgconnect.org>. Please note that the site works best with Microsoft Edge, Apple Safari, Mozilla Firefox, Google Chrome and Brave.

Once you are on the site, please follow the registration process. You will need to register under the site name of **Most Holy Trinity Parish** and choose the role in which you serve at **Volunteer**. Attached is the quick reference guide for you to use based on your role of **Volunteer (High or Low)**.

It will take an hour to complete the training and about 20-30 minutes to complete the steps that follow training, which is completing all the required forms and acknowledging all the legal notifications. Please note, as you complete each of the required forms on each page, please click “submit”. After you click “submit”, you will need to scroll to the end of that page and click “next page” to continue with the next page (form).

In addition to the quick reference guide, please find the video as a reference to assist you with how to register and create an account in CMG. The video is also available under resources in CMG as well.
